REPAIR AND TEST CAPABILITIES OF INSTRUMENTS

We provide repair, reconditioning, modification and calibration of the following instrument types. N.I.S.T. Traceable. Certification with Data is available upon request. Our prompt evaluation and repair, or replacement recommendations, coupled with fast turnaround time will keep your costs down, while your production remains up

GENERAL PURPOSE TESTING

Ammeters
Calibrators
Capacitor Testers
Chart Recorders / Plotters
Clamp-on Meters
Decade Capacitors
Frequency Counters
Function Generators
Hipots
Insulation Testers
Ohm / Megohmmeters
Oscillators
Oscilloscopes
Power Meters
Watt / Varmeters

UTILITY/TELECOMMUNICATIONS

Analog Panel Meter
Cable / Fault Locators
Cable / Pipe Locators
Data Loggers
Digital Panel Meters
Earth Ground Testers
Hazardous Gas Detectors
High Voltage Oil Testers
Impulse Generators
Kilovolt Meters
Low Resistance Ohmmeters

Power Line Monitors / Analyzers
Power Demand Analyzers
Railroad VOMs
Shunts
Telephone Line Testers
Transmission Impairment Test sets
Universal Disturbance analyzers
Voltage Detectors

INDUSTRIAL INSTRUMENTS

Calibrators, Block, Current / Loop,
Multifunction, Pressure
Resistance, Temperature, Voltage
Load Controllers / Indicators
Pneumatic Instrumentation/
Controllers
Process Instrumentation/
Controllers
Pressure Controllers
Pressure gauges / Indicators
Signal Conditioners
Tachometers
Temperature Probes /
Instrumentation
Thermometers, Liquid in
Glass/Digital
Transducers

PHYSICAL & DIMENSIONAL

Analog / Digital Test Indicators
Calipers
Force Gauges
Gauge Blocks (Grade 3)
Micrometers, various types
Plug Gauges
Ring Gauges
Torque Drivers, Wrenches & Transducers
Steel Rules
Stop Watches

LABORATORY EQUIPMENT

Balances
Centrifuge
Liquid in Glass Thermometers
Weights (Class F)
Chilled Mirror Hygrometers
Humidity
PH Meters
Conductivity Bridges
Kaye Validators
PRT Probes

These are all items that we can take care of testing/calibrating, and if needed, repairing. We cannot do all of these items in-house at STB, however, we have a lab that works with us to take care of our customers' needs.

** We are continuously expanding our capabilities. IF you don't see something that you need calibrated please inquire at the above phone number.
